Fall Leaf Collection Starts!

Leaf Collection

This year the leaves seem to be falling early. The DPW has started to collect leaves that have been raked to the curb and placed onto the Street. The DPW wants to remind residents that the Village collects leaves with a VacAll Street sweeper/cleaner. This piece of equipment is multifunctional and has saved the Village money over the years as the old method of leaf collection was both time consuming and labor intensive.

The VacAll does have its limitations. Sticks and Rocks both clog and or damage the unit. Please do not mix sticks, branches and rocks in with your leaves.

The Village does not have a set schedule for leaf collection. As more and more leaves fall, the DPW will collect the leaves. Collection goes into December until the first snow fall.

Sewer Jetting Begins 10-18-10

Sewer Cleaning

The Village will be renting the trailer jetter unit from the Village of Bayside again this year. The Village will clean the entire Village during the next two weeks. While the vast majority of properties will not have any impact by this process, it is possible that the force from the jetter can "suck your S trap dry". If this does happen please run water down the drain to make a new liquid seal which will prevent sewer gas from entering your property. The DPW will be starting on the North side of the Village and working South. If you have any questions please feel free to call Village Hall.

2011 Budget

The Village Board will be reviewing and Discussing both projected Revenues for 2011 as well as the 5 Year Capital Projects Outlay Program for the Village Tuesday night October 19, 2010 at 7:30PM. For a complete Budget timeline please click the link below.
